

Regional Manager WA

- **Rapidly expanding Company in Water Sector**
- **Market leading Australian Company**
- **Based at Malaga**

Desalination and water recycling is an industry of the future. Osmoflo Pty Ltd is the leading Australian owned manufacturer of water desalination and water recycling equipment. We have an excellent reputation in the market for quality, innovation and flexibility. We are also well known within the industry for our commitment to customer service and use of state of the art technology.

We are seeking to appoint an experienced Regional Manager for our West Australian office. Reporting to the General Manager - Operations, the key responsibilities of the role include:

- Business growth and profitability
- Staff leadership & development,
- Management of customer relationships,
- Planning, reporting and budgeting activities

The successful applicant will demonstrate experience and success in the following areas:

- A sound technical background;
- Business and operations management experience;
- High level leadership skills
- Results driven and proven sales ability
- Excellent customer / account management orientation.

We believe this role represents an exciting opportunity to be a key player in a dynamic company, operating within an industry of the future. To apply, quote RMWA0810 in the subject line and send a covering letter stating your salary expectations and your resume to:
